

ITTF Para Rating System 2021

Para table tennis ranking was frozen in April 2020 due to the suspension of ITTF events in light of the COVID-19 pandemic. The freezing was meant to be last until activities resumed so, with the celebration of Czech Para Open 2021 next month, the regular Para competitions are back, therefore, it is time to reactivate the rating system.

As in previous paralympic cycles, some adjustments will be made. These are:

- **All bonus points got by medals during the qualification period (2019 and 2020) will be removed as of 01/07/2021.**

Seeding for the Paralympic Games will be calculated according to the ranking published as of 01/08/2021 so all rating points won in Czech Para Open 2021 (the only sanctioned event before Tokyo 2020) will be counted.

Pablo Pérez

ITTF Head of Para Table Tennis
